

AGENTFORCE LIFE SCIENCES FOR PATIENT SERVICES

A Better Way To Help Patients Get (And Stay On) Therapies

Create better outcomes fast with an AI-ready, compliant solution that is scalable, flexible, and integrated.

Mavens® modernizes patient services programs on Salesforce's Agentforce Life Sciences so patients can get what they need.

A rigid system that can't adapt to new processes, launch programs quickly, or flag gaps for case managers doesn't just slow your team down. It delays treatment, contributes to non-adherence, and leaves leadership questioning the value of your programs.

Our experts design, build, migrate, launch, and support AI-ready solutions that reduce time to therapy and drive patient adherence.

ABOUT MAVENS

Mavens®, a Komodo Health company, delivers Salesforce-powered solutions for top pharmaceutical Medical Affairs, Commercial, and Patient Services teams. Backed by Komodo's data and 15+ years of experience, the experts at Mavens connect people, data, and AI, so you can move forward with confidence.

3 STEPS TO AGENTFORCE LIFE SCIENCES

Design

Your program needs are mapped against core Agentforce Life Sciences capabilities.

Build

Iterative cycles with collaborative design reviews, then full testing.

Launch

Your team is trained and your program goes live, with support to enhance as you grow.
